

**Fall 2009 through Summer 2010
Oak Hill Gardens
Special Wholesale Listing
www.oakhillgardens.com**

Dear Customers and Friends,

Our current printed retail catalog for 2009 (it has a teal cover) was distributed in the spring of this year. It contains a comprehensive list of the plants (plus many photos) and supplies available from Oak Hill Gardens. Most plants listed in that retail catalog (if we have them available in sufficient quantity) can be purchased wholesale at a 25% discount from published prices **when five (5) or more of each variety are ordered.**

This “**Special Wholesale Listing**” features varieties that we have in larger quantities at very special prices, reflecting even deeper discounts from our normal wholesale policy. This list is also posted on our website at www.oakhillgardens.com. **The plants listed below are at wholesale net pricing and are available at these prices only when five (5) or more of each variety are ordered.** These plants should provide you with a quick turnover and allow for profitable resale. *Please feel free to download any of the photos on the Oak Hill Gardens’ website or clip them from the printed catalog to assist you in marketing the plants you purchase from us!* We appreciate your past business and look forward to working with you during the next year!

Feel free to order by mail, fax, phone, e-mail, or on-line! Satisfaction is guaranteed!

Best wishes!

Hermann Pigors

Greg and Liese Butler

Supply is Limited – Many popular items sell out within weeks !

Wholesale Ordering Information

Assorted species and hybrid seedlings are available at \$2.50 each in 2¼-2½" pot sizes in wholesale quantities of 25 or more. These may take as little as one year to bloom, or may require 2-5 years to bloom depending on the variety. Oak Hill's choice; although we will try to honor reasonable parameters (growing conditions, etc.)

Internet resellers, garden centers, and orchid societies may be interested in orchid plants in bud, which can be supplied in assorted varieties year round in the general price range of \$9.00 to \$18.00 each, depending on variety and size of plants. **Check out the Oak Hill Gardens home page at www.oakhillgardens.com for current spiking/budded material. We update weekly to give you the latest offerings!**

Payment by check or money order is required with before shipping unless credit has been established. We also accept **Mastercard, Visa and Discover**. We will ship via best and safest method and will charge actual shipping costs plus a nominal packing/handling fee per carton.
